Team Creation

- Quick & simple
- No registration required
- Uses wallet for identity
- Name & describe project
- Select desired skills / roles

The screenshot shows a user interface for team creation. At the top, there are two options: 'Builder / Applicant' (grey background) and 'Team Owner' (blue background). Below this, the 'Team Owner' section is active, featuring a title 'Team Owner' and a button '+ New Listing'. A cursor points to the '+ New Listing' button. Below the title, there are three tabs: 'Post Listing' (selected), 'Browse Candidates', and 'Messages'. The main area is titled 'Post a Team Listing' and contains fields for 'Project Name *' (with placeholder 'e.g. ZK Reputation Protocol') and 'Project Description' (with placeholder 'What are you building? What problem does it solve?'). At the bottom, there is a section titled 'Desired Skills' with a grid of skill tags.

Builder Bio

- Set name & bio
- Select roles / skills
- Add on chain credentials

The screenshot shows a web-based application titled "HackaTon — hackathon team builder". At the top right, there is an "Admin" toggle switch, a user ID "0xe38B...8714", and a "Disconnect" button. The main interface features two rounded rectangular boxes side-by-side. The left box is labeled "Builder / Applicant" with a small cursor icon pointing to its top-left corner. It contains the text: "Share your skills, link on-chain credentials, and receive intro requests from teams." The right box is labeled "Team Owner" and contains the text: "Post a project listing, and find matched builders." Below these boxes, a centered message reads "Select a mode above to get started."
